Please provide any additional comments regarding the instructor or course.

- Class was informational and sometimes interesting, however, it would be very helpful if some or all of the notes were posted somewhere online so that it can be reviewed. With the current arrangement, we do not have additional resources to study from. Everything we can study to prepare for exams comes from lectures which doesn't guarantee mastery of the topics enough to do well on exams.
- Eduard was very helpful when and responsive when asked questions about course material. He was a great leader and I liked his style of teaching; it was always easy to listen to him unlike my microecon professor. Furthermore, I liked the classic style of the course, where Eduard used the whiteboard to write notes vs. using a powerpoint. This reinforced students to actually have to take notes and listen to Eduard's lectures. I overall enjoyed the class and learned a great deal.

- Storm is a great instructor.
