Dear Ms./Mr.,

I found out about the opportunity to work for Goodwill Inc. as an eCommerce Fulfillment Specialist in an episode on John Oliver's "Last Week Tonight" when he mentioned that Goodwill now has an online market platform.

I was excited about the opportunity of working for a non-profit organization doing what I am very enthusiastic about: researching second-hand products and listing them online.

I also have many fond memories of visiting physical Goodwill stores where I "treasure-hunted" for necessary items such as used apparel, electronics, kitchenware, and especially water bottles as I go through a lot of them. The idea that I can give life to a used product that would otherwise be thrown away and, in the process, help train and employ people fascinates me.

As I am aware, the location of the job is in Racine, which is about 40 minutes drive from Milwaukee, where I currently live. I am willing and able to make the commute daily.

I would welcome the opportunity to speak with you, and if you desire any additional information not included in my resume, please contact me at my phone number or email address above.

Thank you in advance, and I am looking forward to hearing from you.

Sincerely,

Nate Nguyen
